# Flexibility today that secures your future

Life has been good. You've worked hard and done well. You've dedicated your life's work and financial resources to put in place plans to protect your family and build a secure financial future – and you'll get to enjoy the rewards in time to come.

**Yet, you wished you had just a little bit more right now. A little extra saved aside for a rainy day or perhaps to spend on your loved ones. At FWD Takaful, we understand balancing the wants of today and the plans of tomorrow can be challenging.**

With FWD Income First, you can now have a balance of both, as you and your loved one deserve more than just ordinary takaful plan.

FWD Income First is a family takaful savings plan with limited pay contribution term that provides guaranteed cash payments annually as you build your savings for the future.

It's an easy way to commit to a savings goal and set aside money for future needs while having the flexibility of annual payouts to use as you please. In addition, the plan also provides protection for you and your loved ones against unfortunate circumstances.

## How this plan works

Recently married Luqman, 32, just found out that his wife is pregnant with their first child. The soon-to-be father wants to start building up a savings for his first-born and also provide additional protection for his growing family. So he participates in the FWD Income First plan.

Luqman likes the plan because it fulfils his savings goals while having the protection, plus he believes the extra cash from the annual guaranteed cash payment benefit may come in handy to cover unexpected expenses of raising a young child.

Luqman opts for the 20-year plan with a 10-year contribution term of RM6,000 annually. For the first ten years of the certificate term from the first certificate anniversary, Luqman will receive a Guaranteed Cash Payment (GCP) of RM1,200 annually (20% of his annual contribution). The GCP amount will increase to RM1,800 annually (30% of his annual contribution) from the 11th year onwards till the end of certificate term.

The plan also provides Luqman with coverage for death or Total and Permanent Disability (TPD) throughout the certificate term plus an additional RM10,000 funeral expenses benefit.

While Luqman is always very careful and takes good care of himself, he also knows that accidents and unexpected events can happen. In which case Luqman doesn't have to worry knowing that the plan would pay his young family a lump sum death or TPD benefit that could help ease their financial burden.

At maturity, Luqman intends to give the savings as a gift to his child as a way to kickstart the child's adulthood savings journey. At maturity, Luqman will receive RM31,200 (520% of his annual contribution) or Participants' Savings Account (PSA) Values, whichever is higher.

*Note: The performance of PSA is not guaranteed.*

## Death/TPD Benefits

Sum covered is calculated as a percentage (%) of the total contribution paid, less the Total GCP paid, as per schedule below:

## When we won't pay any benefits

At FWD Takaful, we don't believe in setting a long list of hidden clauses that prevent us from giving you what is due in the event of a claim. So we've simplified our exclusion list to just 3 criteria. We won't pay any death or TPD benefit under this certificate if the claim arises from:

### Suicide or self-inflicted act

Suicide, attempted suicide or self-inflicted act within a year of the start of your certificate or the date we last reinstated your certificate.

### Act of war

Act of war (whether declared or not), coup, revolution, riot, or any similar event.

### Unlawful acts

When you or the person covered wilfully participated in an unlawful act, or unlawful failure to act.

## How are we Shariah-compliant?

1. We manage your contribution and our takaful operations are based on the Shariah contract of Wakalah and guided by our Shariah committee.

Takaful is a mutual assistance scheme based on the spirit of brotherhood and solidarity where you and others agree to assist each other financially if anyone of you suffers a specific loss.

Wakalah is the appointment by one party of another to act on his/her behalf.

2. We allocate your contributions, less the Wakalah fee, into your PSA. We'll deduct tabarru' from your PSA every month and allocate in Participants' Risk Fund (PRF). The tabarru' are used to pay the benefits to claimants who are entitled to it based on:

- the solidarity of brotherhood and cooperation among the participants; and
- terms and conditions within the certificate

Tabarru' is a donation for the purpose of takaful.

3. In case of the good performance of the PRF, we'll be compensated 20% of the surplus as Ju'alah and the remaining 80% will be distributed to eligible participants.

If the value of PRF is insufficient to pay the claims, then we'll give Qard which is a benevolent interest-free loan to PRF.

Ju'alah is the reward to the Takaful Operator for the good performance of the participants' risk fund

## If you change your mind

If you aren't completely satisfied with your certificate, and you haven't made a claim under it, you have 15 days from the date you receive your certificate to cancel it and receive your contributions back, minus medical expenses (if any).

---

## Wakalah Fee

We'll deduct a percentage of the contribution paid as an upfront fee.

---

## Service Wakalah charge

We'll deduct RM 7 per month from your PSA.

---

## Fund management Wakalah charge

This refers to the monthly wakalah charge to cover the cost of managing the PSA which is 1.25% per annum of your PSA values.

---

## Important Notes

1. This brochure does not form a contract between you and FWD Takaful Berhad. The full terms and conditions are stated in the certificate documents.
2. You may qualify for an individual tax relief for the contributions paid subject to terms and conditions and final decision of the Inland Revenue Board (LHDN).
3. You should satisfy yourself that this plan meets your needs and the contributions are affordable to you.
4. For further information on fees, charges and other details, please refer to the Product Disclosure Sheet and Benefit Illustration issued by our Agent.
5. You should continue paying your contributions regularly until the end of contribution term to ensure you are fully eligible for all the benefits. If you do not pay your contributions, your certificate will remain active as long as your PSA value is sufficient to cover all tabarru' and other relevant charges, otherwise your certificate will lapse.
6. The PSA values will be based on actual performance of the fund and it is not guaranteed. 100% of the return in PSA will be allocated back in PSA.
7. If you surrender your certificate in early years, you will get your PSA values which may be less than the total contribution you have paid.
8. A waiting period of one year is applicable to the person covered. You will not receive any death or TPD benefit if the person covered's death or TPD is due to natural causes within one year from the commencement date or reinstatement date. If this happens, we will refund you the following amounts:
  - your total PSA values;
  - any wakalah fees, tabarru' amounts, fund management and service wakalah charge that were taken from your contributions;
  - less medical examination fees we have paid (if any).
